

Job Title: Laborer
Department: Operations
Reports To: Wet Cast Foreman
Location: Salt Lake City
FLSA Status: Hourly
Date: April 2020

SUMMARY OF JOB PURPOSE: Assist with manufacturing of concrete products.

ESSENTIAL FUNCTIONS AND MAJOR RESPONSIBILITIES:

- Perform tasks involving strenuous manual labor in manufacturing a variety of concrete products.
- Support crew during concrete pours.
- Help maintain a clean jobsite by picking up and storing tools and equipment.
- Perform materials handling and storage.
- Wear a hard hat, safety glasses, steel-toe boots, and ear protection as needed.
- Read blueprints.
- Accurately place and properly secure box lid panels.
- Place the appropriate panels and C-clamps in the work area.
- Use a tape measure to set panels at indicated 90-degree angles, lengths, and widths and use C-clamps to secure the panels to each other.
- Accurately placed plywood inside the edges of the form.
- Use a tape measure, pencil, and power saw to cut the plywood according to specified dimensions.
- Place the cut pieces inside the forms at the outer edges, no securing is necessary, as the rebar will hold it in place.
- All dimensions are accurate and the block-out is secure.
- Determine whether Styrofoam block-outs are to be used, or if metal block-outs are more appropriate.
- As needed, place round weight blocks on the Styrofoam block-out; minimizing any movement.
- Evenly apply form oil to all form surfaces that will be exposed to wet concrete, without excess.
- Locate the bucket of form oil and the form oil brush, ensure there is sufficient oil in the bucket.
- All rebar place at proper spacing and fully secured with tie wire.
- As needed, use a tape measure to properly size the rebar pieces while using the rebar cutter machine.
- Spray green epoxy paint on any cut edges or nicked areas of the rebar, as needed.
- Using tie wire and a tie wire spinning tool, begin tying at 6", 8", 9" or 12" spacing, according to plans.
- Prepare round manhole lids.
- Cutting and placing rebar in round lids.
- Clean up work area.
- Setting grade lines.
- Place and support cast-in frames.

KNOWLEDGE, SKILLS, ABILITIES:

- Past experience working with hand tools, saws, air tools, grinders.

EDUCATION/EXPERIENCE:

- High School diploma or GED would be preferred.
- Experience working with concrete would be preferred, not required.
