Looking for a job with stable hours, great benefits, and long-term security? Join our fantastic team!

We offer a work environment that values safety and team input, and provides opportunities to gain skills and grow your career.

ABOUT THE JOB

Operator will handle day-to-day operation of the Transmatic equipment with efficiency and productivity for generating steel reinforced concrete pipe assembly. This position crosses department lines and must be able to work with multiple department leads. You will report directly to the Plant Manager and is responsible for the flow of machine maintenance, materials and finished products.

ESSENTIAL FUNCTIONS & MAJOR RESPONSIBILITIES

- Operate the Transmatic equipment, oversee and lead the employees in this department to meet all production and safety metrics
- Learn how to mix and make adjustments as needed to adapt to current environmental conditions.
- Set up steamer, ensure proper operation and operate
- Perform preventative and on demand maintenance repairs as needed
- Coordinate schedule with the Production Supervisor
- Adhere to OSHA safety guidelines and use all necessary PPE
- Review the work area for safety hazards or unsafe conditions
- Regular use of hand tools and power tools
- Forklift and Crane use and certifications will be required
- Coordinate the flow of materials for machine – hats, cages, carts, pallets and more
- Ordering, tracking supplies, equipment and replacement parts

- Must be willing to work a 2nd shift
- Other duties may be assigned as necessary

KNOWLEDGE, SKILLS & ABILITIES

- Ability to add, subtract, multiply and divide in all units of measure, using whole numbers, common fractions, and decimals
- Ability to apply commonsense understanding to carry out detailed but uninvolved written or oral instructions
- Ability to deal with problems involving a few concrete variables in standardized situations
- While performing the duties of this job, the employee regularly works near moving mechanical parts
- The employee is occasionally exposed to risk of electrical shock
- The noise level in the work environment is usually very loud

Full list of anticipated physical demands for this position and detail on our work environment is available on our application portal. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
