Let's get to work!

Looking for a job with great benefits and long-term security? How about peace of mind knowing that you are part of a valued team in a growing organization?

Come be part of our team!

ABOUT THE JOB

The Fitter Welder position fits large diameter steel pipe elbows for welding. They measure, cut & weld pipe to blueprint specifications and clean & grind finished products. They lay out, fit, and fabricate metal components to assemble structural forms; such as machinery frames, bridge parts, and pressure vessels.

ESSENTIAL FUNCTIONS & MAJOR RESPONSIBILITIES

- Fits elbow and attachment using torch and tack welding.
- Lays out, positions, aligns, and fits components together.
- Sets up equipment and welds parts.
- Performs cleaning and grinding as required.
- Occasionally assists in coordinating activities of welders for special welding techniques and/or procedures.
- Other duties may be assigned.

EDUCATION/EXPERIENCE

- One year certificate from college or technical school or three to six months related experience and/or training. Equivalent combinations of training and experience will be considered.
- On the job training by other fitters who have experience, knowledge, and insight into the job. Qualified by performance.

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
