Posting Date:	5/2/2019	Close Date:	5/23/2019
Job Title:	Project Engineer	FLSA:	Exempt
Job Locations:	Parkersburg, WV	Travel:	0%
Reports to:	Engineering Manager		

Northwest Pipe Company (NASDAQ: NWPX) is a North American leader in the manufacturing of welded steel pipe. With over 50 years in the business, we provide the highest quality products, at competitive prices, with top-notch support. Becoming part of the Northwest Pipe team means embracing and demonstrating our core values, which include Accountability, Commitment and Teamwork. Employee safety, customer satisfaction and manufacturing quality products are our highest priorities.

NWP is looking for dynamic, energetic and career-minded people who can make a difference and will immediately contribute towards taking our company to the next level. **We currently have 1 opening for a Project Engineer at the Parkersburg manufacturing facility. There are no relocation funds or employment sponsorships available for this position.**

JOB SUMMARY:

- Responsible for all stages of job from initiation of the contract until job closes-out. Supports Engineering, Plant Manager, Senior Project Manager and Operations Manager and reviews all jobs assigned to the engineering department.
- A major part of this position is to provide proactive leadership between internal customers and the technical staff to ensure effective manufacturing methods.
- Delivery of all projects in a timely and efficient manner are mandatory.
- Ensure that the contractual obligations of the organization are met within the parameters of the job budget and minimize the organization's liability.
- Establish a long-term rapport with them while keeping the best interests of Northwest Pipe Company in mind.
- Strong business analyst, application design, and project management skills are essential.

EDUCATION / EXPERIENCE:

- Mechanical Engineering Degree, or 3-5 years in an Engineering Discipline or Construction or Industrial Management experience or a combination of both.
- Computer Assisted Design experience.
