Northwest Pipe Company (NASDAQ: NWPX) is a North American leader in the manufacturing of welded steel pipe and tube. With over 50 years in the business, we provide the highest quality products, at competitive prices, with top-notch support. Becoming part of the Northwest Pipe team means embracing and demonstrating our core values of Accountability, Commitment and Teamwork (ACT). Employee safety, customer satisfaction and manufacturing quality products are our highest priorities.

NWP is looking for dynamic, energetic and career minded people who can make a difference and will immediately contribute towards taking our company to the next level. **We currently have one opening for a Transmatic Operator at our Salt Lake City, UT manufacturing facility.** There are no relocation funds or employment sponsorship available for this position.

**Wage: $16.15-$18.57/hour DOE.**

**ESSENTIAL FUNCTIONS AND MAJOR RESPONSIBILITIES:**

- Performs typical machine shop and mold press operations to support the assembly floor.
- Detects and reports defective materials or questionable conditions to the department supervisor.
- Maintains the work area and equipment in a clean orderly condition and follows prescribed safety regulations.
- Performs prescribed preventative maintenance on machines as required per the P.M. charts.
- Must be able to perform but not limited to the following tasks: milling, turning, drilling, taping, de-burring, molding and all bench operations and inspect.
- Must be familiar with the basic machine functions in order to perform the tasks stated above.
- Must be willing to accept and receive frequent supervision and assistance with regard to machine set-up.

**KNOWLEDGE, SKILLS, ABILITIES:**

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Ability to add, subtract, multiply and divide in all units of measure, using whole numbers, common fractions, and decimals.
- Ability to compute rate, ratio, and percent and to read and interpret metal rule.
- Ability to apply commonsense understanding to carry out detailed but uninvolved written or oral instructions.
- Ability to deal with problems involving a few concrete variables in standardized situations.
- While performing the duties of this job, the employee regularly works near moving mechanical parts.
- The employee is occasionally exposed to risk of electrical shock.
- The noise level in the work environment is usually very loud.
- Must have a good command of the English language, both written and spoken.
- Must be able to read and interpret drawings, follow routers, use simple math, and use basic hand held measuring tools.
EDUCATION/EXPERIENCE:

- High school diploma or GED required.
- Minimum 1-year factory related experience.

WORK HOURS / SHIFT:

- Work hours vary or change based on operational needs.
- Must be able to work overtime as required.

PHYSICAL DEMANDS/WORK ENVIRONMENT:

- While performing the duties of this job, the employee is regularly required to stand; use hands to touch; reach with hands and arms; and talk or hear.
- The employee frequently is required to walk and stoop, kneel, crouch, or crawl.
- The employee is occasionally required to sit, climb or balance, and taste or smell.
- The employee must regularly lift and/or move up to 10 pounds, frequently lift and/or move up to 25 pounds, and occasionally lift and/or move up to 50 pounds.
- Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and ability to adjust focus.
- Project timelines and work volume/deadlines may often require working outside of standard hours, weekend or evening work, and travel to complete essential duties of this job.
- Ability to carry out instructions furnished in written, oral, or diagram form and to solve problems involving several variables.
- Personal Protective Equipment is required when in the Plant, Yard or Construction Areas.
